PROFESSIONAL EXPERIENCE

Senior Mobile Application Developer

May 2025 – Present

CodeGenify (Startup)

Remote (Pakistan)

- Developing and maintaining cross-platform mobile applications using Flutter and Dart for Android and iOS.
- Architecting scalable and maintainable applications with clean code and modern best practices.
- Implementing advanced state management solutions including Provider, Riverpod, and Bloc.
- Integrating RESTful APIs and third-party services including Firebase.
- Designing and implementing responsive and interactive UI/UX based on Material Design guidelines.
- Optimizing app performance, fixing bugs, and ensuring smooth user experience.
- Collaborating with clients and cross-functional teams to gather requirements and deliver high-quality solutions.
- Publishing and managing app releases on Play Store and App Store.

Mobile Application Developer

Jan 2024 – Apr 2025

CloudGen Solutions

Remote (Pakistan)

- Developed and delivered cross-platform mobile applications using Flutter and Dart.
- Worked on end-to-end app development from requirement analysis to deployment.
- Implemented state management using Provider, Riverpod, and Bloc.
- Integrated RESTful APIs and Firebase services (Auth, Firestore, Storage, Notifications).
- Built clean, reusable, and maintainable code for complex features.
- Optimized applications for performance, scalability, and security.
- Collaborated with designers and backend developers to deliver complete solutions.

PROJECT HIGHLIGHTS

- E-Commerce App**
Developed a full-featured e-commerce app with product browsing, cart, secure checkout, order tracking, and push notifications.
- Service Booking App**
Created a booking application with service listing, user authentication, payment integration, and booking history.
- Client Management App**
Built a client workspace app with project tracking, task management, file sharing, and in-app chat.
- Educational Learning App**
Developed an educational platform with courses, quizzes, progress tracking, and push notifications.
